Thickness....."	2
Weight, Gross.....pounds	2
Price, with Soldering Iron Attachment.....each	7.00

No. 5 COMBINATION TORCH AND SELF-HEATING SOLDERING IRON

C-9144

The plumbing, tinning and auto trade have long wished to dispense with the charcoal fire and ordinary soldering irons.

In the Phoenix Self-heating Soldering Iron we offer the trade a safe and most reliable article.

Capacity.....pints	½
Will burn.....hours	1¼
Length, Over All.....inches	17½
Diameter....."	1¾
Weight.....pounds	2
Price.....each	7.00

The Phoenix Pumpless Torch is made and operated entirely without a pump of any kind, thus eliminating one of the greatest objections and annoyances connected with gasoline torches. No loose parts to get out of order. No washers or gaskets to be renewed.
